

DC Tango Challenge Events Dancing Rules

Please read the following important information below for the category/-ies you want to register:

Contestants must always behave correctly and respect the judges, championship directors/coordinators, choreographers and other participants. All participants release the usage of their own image for promotion of the event. Release form must be signed when forms and fees are submitted.

All the competition rounds will be open to spectators. In a **single dance** competition (Tango Salon/de Pista, Vals, Milonga & Tango Nuevo), a "heat" will consist of **one song** where the competitors will be grouped together to dance a selected dance. Different competitions may be combined within the same heat. At this category, amateur couples will be evaluated as a couple; however, pro-am couples will be evaluated based on the performance of the amateur student. No professionals will be allowed to register with another professional at any single dance events.

The single dance competitors shall select the dance, the age group, and the level they choose to compete. There are **2 age groups** available for enrollment: Adults 59 and younger- A & Seniors 60 and older -B. Any participant enrolled in the Senior (B division) may also enroll in the age group A to challenge the younger competitors. The opposite will not be allowed.

There are **2 levels** available for enrolment in single dances:

BG - Beginner and up. Student in development with less than 60 lessons or 18 month of training, and
IT - Intermediate and Up. Any students with more than 18 months of training or more than 60 lessons. Students in Development BG may also challenge the intermediate dancers, enrolling in the more experience IT category. The opposite will not be allowed.

Couples, as in a real dance hall, must constantly move counter-clockwise and avoid remaining in the same place for too long to contribute to good floor circulation.

Elegant social dance wear for women and traditional suits for men are advised although costumes will not be considered as a specific evaluation point in this category.(single dances)

The term "Amateur" means that the dancer do not make a living from teaching and, or, dancing/performing tango, and it has nothing to do with the level or expertise of the performer.

Regarding to the Tango Salon/de Pista, Vals and Milonga dances, the judges will take into consideration the following guidelines guideline:

- Once a couple forms a dance frame, the partners shall not separate as long as the music is playing. This means that they cannot break the embrace, which is considered as the Tango dance position.

- For the position to be considered correct, partners must constantly hold each other by means of the embrace. It is understood that, in certain figures, this may be flexible; but not throughout the entire piece of music.
- All movements shall be performed within the space allowed by the couple's embrace.
- Within these guidelines, participants may perform any figure commonly used, including barridas (sweeps), sacadas (close to the floor), enrosques (twists), etc.
- Ganchos (hooks), saltos (jumps), trepadas (climbs) and any other typically stage tango possibilities where both feet lose contact with the floor are completely excluded.
- None of the members of the couple may lift his/her legs beyond the line of the knees. Some foot embellishments are allowed within this limit.

Regarding to the Tango Nuevo dance, the judges will take into consideration the following guidelines guideline:

- There is no restrictions in relation to the tango embrace, nor "on the floor" dance figures. (figures where at least one foot of each dancer is on the floor)
- Soltadas, underarm turns, solo spins, ganchos, voleos, colgadas, bolcadas, and figures pertinent to "on the floor" stage tango are allowed.
- Lifting a leg beyond the line of the knees is allowed. Couples are not allowed to touch/kick other couples. Accidents will be penalized.

- Length of a piece has to be less than 3.30 minutes. Couples must prepare and submit a clean and good quality CD and/or flash drive that has 1 piece of music.
- All music must be sent to Fabio@ForeverDancing.com ahead of time, by email with the following information on the email's body: couple's name, song name and orchestra name. It is suggested that you bring a backup in case there is a problem with your music file.
- Participants will be able to express their personal view on the Tango dance: this means they may use movements, figures, acting and applications that are not usually related to traditional Tango, however, the choreography must include traditional figures of Tango such as: ochos, turns, long walks, voleos, ganchos, and also the "milonguero embrace".
- Couples may break the embrace and use techniques derived from other dance disciplines, as long as these are justified and performed for the benefit of the interpreter.
- Aerial tricks and other movements characteristic of other dances must not be excessive, (this means that they must not exceed one third of the performance). The couple must perform progressing (walking) sequences onto the floor using the whole scenic space.
- Tango costumes and make up maybe considered for evaluation (use of inappropriate costumes that are not typically for performing tango such as salsa or ice skating costumes will be penalized).
- If a technical problem should occur, the jury will decide if the repetition of the choreography at the end of the assigned slot is necessary.

- In the case of a couple having a problem with the choreography. The couple will decide whether to continue dancing or not, but the couple will not be allowed to repeat the performance. The jury will indeed evaluate the manner and grace with which the couple has solved the problem.
- The Judges will score the performance based on the **following Tango Showdance evaluation criteria:** Choreographic composition, use of the stage space, choreographic and postural technique, couple's synchronicity, choreographic effects, music Interpretation, & musical accuracy.
